Wayne County Four Star is a community based not-for-profit organization developed to provide affordable, basic health coverage.

Hello:

I would like to introduce you to an exciting community program that helps provide health coverage for low and moderate income uninsured employees. Wayne County Four Star is a community-based not-for-profit organization that has been developed to provide affordable, basic health coverage to small businesses like yours.

The partners in Wayne County Four Star Health are:

- St. John Health
- Detroit Medical Center
- Henry Ford Health System
- Oakwood Healthcare System
- Wayne County

Wayne County Four Star uses a 3-share model in which the monthly premium cost is shared by the employer, the employee, and Four Star, each paying \$56 per month.

As you may know, my personal vision for Wayne County is clear; families are my top priority. I have appointed members to my senior staff who reflect the diversity of the County and demonstrate a genuine sensitivity to the communities we serve.

I am committed to making Wayne County a desirable place to conduct business, pursue an education, build careers and raise families. Implementing this vision means investing in economic and community development, education and quality health care.

From its cities, suburbs and rural communities, my goal is to leverage Wayne County's assets: diversity, a highly skilled workforce, educational opportunities, nationally recognized health care facilities and business growth opportunities that enhance the quality of life for all residents.

Offering the Wayne County Four Star Health program is one such benefit that helps us all reach these goals. Please take time out of your busy day to consider participating in this worthy effort- for you and your employees.

Four Star is a great health program for employees and employers.

Sincerely,

Robert A. Ficano
Wayne County Executive and Four Star Chairman
