HEALTH

Wayne County Four Star Health participant numbers have tripled in the past 9 months

Wayne County Four Star Health continues to fulfill its mission of providing affordable health coverage to the low and middle income employees in the area.

Because of the high cost of health care coverage, many employers are unable to insure base level employees. Using local community efforts to subsidize the cost of health insurance is proving good for business and good for employees.

Four Star Health wants to make sure we reach out to where the program will help the most Wayne County employers. It is an important mission to help small businesses in Wayne County grow and have a strong and healthy employee team.

It's your turn to call.
