

# An average emergency room visit in Southeast Michigan costs over \$500.

## Not having student health coverage could *really* hurt you.

Wayne County Four Star Health has created a "Student Edition" to offer low cost full featured health coverage to students between 18 and 64 years old. If you live in Wayne County and receive at least 6 hours of training or class per week - and make less than \$30,000 a year - you qualify.

Whether back at school for a new career - or right out of high school - Wayne County Four Star Health can help everyone worry less. It's perfect for older students that are coping without coverage or younger students no longer covered by a parent.

**Great Four Star coverage is now even more affordable - only \$90 per month per student.** The Four Star nonprofit fund will match it with an additional \$90 - totaling \$180 in health coverage.
